Annadale Electricity Supply Disruption

Cable fault being attended

The electrical team is attending to a cable fault in the Annadale area. Some portions of Annadale including the Garena Rental Village are affected by this cable fault. The team managed to restore a bigger portion of the area last night and are working on the fault. The matter is receiving urgent attention.

Further update will be issued made available received.

It is advised that all electrical appliances including geysers be switched off to avoid damage and that all electrical wires should be considered to be live.

The municipality apologize for the inconvenience caused and appreciates patience exercised by the affected stakeholders whilst the matter is receiving attention.
