HOUSEHOLD POWER SUPPLY CHALLENGES ATTENDED TO

Polokwane Municipality continues to restore power supply to individual households.

The municipality has managed to resolve electrical challenges faced by some areas due to storms experienced this week.

Individual households, that are still experiencing challenges, are advised to report to the electrical call centre at 015 023 5490 / 015 023 5705 so that the municipality can come to their aid. Those that have already reported are urged to exercise patience.

All affected households are urged to treat all electrical wiring as live and switch off all appliances to avoid injury and damage once supply is restored.

The municipality apologizes for the inconvenience caused.
