UPDATE: POWER OUTAGE AFFECTING CITY AND SESHEGO

Power supply has been restored to areas that were affected outage in the City and Seshego Clusters. Only few households in Zone 4 in the Seshego area are still off and being attended to.

The maintenance team is engaging Eskom to establish the cause of the outage as all municipal substations had no fault.

Individual households, that are still experiencing power supply challenge, are urged to report promptly to the electrical helpline at 015 023 5490 / 5705 or WhatsApp: 083 824 9886.

Polokwane Municipality appreciates patience and cooperation of all affected.
