UPDATE ON A BURST PIPE AFFECTING IN MANKWENG AREA

The maintenance team could not complete repairs on the main pipeline by 19h00 as estimated. This after a burst was identified during the day on a main water pipeline along R71 road at Unit F in the Mankweng area.

This has left areas such as Ga-Thoka, Paledi Mall, Moremadi Park and the entire Mankweng township relying on water tankers that Polokwane Municipality has deployed as temporary relief measure. The maintenance team is still working on restoring supply to all affected areas.

The municipality apologises for the inconvenience caused.
