UPDATE ON SUPPLY STOPPAGE ON OLIFANTS LINE

Lepelle Northern Water (LNW) has just informed Polokwane Municipality that repairs on Olifantspoort line have been completed. However, LNW said another leak was discovered just when they were about to start pumping meaning there is still no water supply to Polokwane.

The water utility is still assessing the extend of the damage.

The municipality will provide regular updates as and when received from Lepelle Northern Water.

Polokwane Municipality apologizes for the inconvenience caused.

Water related challenged such as leaks, burst pipes and supply shortage can be reported to the municipal water and sanitation helpline at 015 023 5376 / 5629.
