

PUBLIC NOTICE

25 January 2021

USERS URGED TO REPORT POWER CHALLENGES

Polokwane Municipality is aware of power outages affecting Sterpark, Ivydale plots and Zone 3 in the Seshego area.

Electricity challenges at some of these areas are caused by blown-up mini-substations supplying the areas. All affected users are urged to exercise patience while the municipality is working on restoring supply to them.

Areas experiencing power outage are advised to treat all electrical wiring as live and to switch off all appliances to avoid injury and damage once power supply is restored.

Electricity users are urged to report electricity supply challenges promptly to the electrical call centre at 015 023 5490 / 5705 so that the municipality can respond and come to the aid of those affected.

The municipality apologizes for the inconvenience caused.
