WATER CHALLENGE DUE TO RESERVOIR LEVELS

Low water levels at Krugersburg reservoirs are causing periodic supply challenges to Thornhill, Marula Heights, Bolivia, Northview, Mall of the North and surrounding areas.

This morning, Krugersburg 50MI was sitting at 11%, Krugersburg 30MI Dome at 10% while Krugersburg 30MI Flat was at 5%. Polokwane Municipality is working closely with Lepelle Northern Water in an effort to improve reservoir levels.

The municipality has deployed water tankers to all affected areas to assist with water supply. All users receiving supply are urged to use water sparingly.

Water challenges can be reported to water and sanitation call centre at 015 023 5376 / 015 023 5629.
