

## **PUBLIC NOTICE**

28 January 2021

### **YET ANOTHER STOPPAGE FROM EBENEZER LINE**

Lepelle Northern Water (LNW) is experiencing yet another pipe leak on its Ebenezer line. LNW says it has just stopped the Ebenezer Plant again due to the leak which means there is no pumping of water to Polokwane Municipality.

This stoppage will have negative impact on the-already-strained reservoir levels and water supply to various areas within the municipality.

LNW team is working on repairing the leak and restoring water supply to Polokwane Municipality.

In the meantime, Polokwane Municipality will continue to provide temporary relief to the affected areas through water tankers.

The municipality apologises for the inconvenience caused.

Water helpline: 015 023 5376 / 5629
