34 (5)	Measuring quantity of water supplied d) ensure that no connection is made to the pipe in which the measuring device is installed, between the measuring device and the connection pipe or water main serving the installation. f) Not use nor permit to be used on any water installation, any fitting, machine, or appliance which causes damage or, in the opinion of the Council, is likely to cause damage to any meter.	R8 077.49	R8 804.46	R9 596.86	9%
34(6)	No person other than an authorized official of the council may- - Disconnect a measuring device and its associated apparatus from the pipe in or to which they are installed or connected. - Break a seal which the Council has placed on any meter; or - In any other way interfere with a measuring device and its associated apparatus.	R3 230.98	R3 521.77	R3 838.73	9%
35	Determining quantity of water supplied to customer 3. If water is supplied to or taken by a customer without it passing through a measuring device, the estimate by the Council of the quantity of such water must be deemed to be correct.	R3 230.98	R3 521.77	R3 838.73	9%
	4. Where water supplied by the Council to any premises is in any way taken by the customer without such water passing through any measuring device provided by the Council, the Council may for the purpose of rendering an account, make an estimate, in accordance with subsection (4), of the quantity of water supplied to the customer during the period that water is so taken by the customer.	R8 077.49	R8 804.46	R9 596.86	9%

PART D					
APPROVAL OF INSTALLATION WORK					
41	Approval of installation work 7) If installation work has been done in contravention of subsections (1), (2) or (3), a designated officer may, subject to the provisions of these By-laws, issue a compliance notice requiring the owner of the premises concerned-	R3 230.98	R3 521.77	R3 838.73	9%

	a) to comply with the relevant subsection, within a specified period; b) if the work is still in progress, to cease the work; and c) to remove all such work as does not comply with these By-laws.				
42	Persons permitted to do installation and other work 1) No person who is not a qualified plumber may be permitted to- a) Do any installation work other than the replacement or repair of an existing pipe or water fitting, b) Replace a fixed water heater or its associated protective devices. c) Inspect, disinfect, or test a water installation, fire installation or storage tank. d) Service, repair or replace a back flow preventer; or e) Install, maintain, or replace a meter provided by an owner in a water installation.	R8 077.48	R8 804.46	R9 596.86	9%
	2) No person may require or engage a person who is not a qualified plumber to do the work referred to in subsection (1).	R8 077.48	R8 804.46	R9 596.86	9%
43	Provision and maintenance of water installations. 2) Before doing work in connection with the maintenance of a portion of his or her water installation, which is situated outside the boundary of his premises, an owner must obtain the written consent of the Council or the owner of the land on which such portion is situated, as the case may be.	R1 615.48	R1 760.87	R1 919.35	9%
45	Installation or use of pipes and water fittings in water installations. 1) No person may, without the prior written permission of the Council, install or use a pipe or water fitting in a water installation within the Council's area of jurisdiction unless it is of a type that is included in the schedule of approved pipes and fittings as compiled by the Council.	R1 615.48	R1 760.87	R1 919.35	9%
46	Unlawful water installation work. Where any installation work has been constructed in contravention of these By-laws, the owner must on receiving a compliance notice by the Council, carry out such alterations to the installation as prescribed in the notice.	R8 077.48	R8 804.46	R9 596.86	9%
48	Owner to prevent pollution of water. An owner must provide and maintain effective measures to prevent the entry of any substance or matter which may be a danger to health or may adversely affect the portability of water or affect its fitness for use in- a) The water supply system or plant; and b) any part of the water installation on his or her premises.	R8 077.48	R8 804.46	R9 596.86	9%

PART E PROTECTION OF WATER SUPPLY SYSTEM FROM BACKFLOW AND BACK SIPHONAGE					
49	Protection of water supply system from backflow 1) The owner must take any of the measures referred to in subsection (2) to prevent the backflow of water from the water installation to the water supply system in the case of- a) fire or combined installation on premises; and	R29 197.10	R31 678.85	R34 529.95	8%
49	b) a general installation serving the following activities- medical treatment of people or animals; medical, pharmaceutical or chemical research and manufacturing; agriculture, including dairies and nurseries; photographic processing; laundering and dry-cleaning; metal plating; treatment of skins and hides; and c) a general installation serving mortuaries; abattoirs; sewage purification works; refuse processing plants; oil processing and storage facilities; wineries, distillers, breweries, yeast and cold drink factories; sports facilities; or any other premises on which an activity is carried out which in the opinion of the Council is likely to cause a danger to health or affect the portability of water in the event of a substance resulting from such activity entering the water supply system; and d) a general installation on any premises after a compliance notice by the Council to do so.	R31 678.85	R34 529.94	R37 637.63	9%
51	Inspection and service of backflow preventers 1) The owner of premises on which a reduced pressure or double check backflow preventer is installed must, at his own expense, cause the backflow preventer to be inspected and serviced not less than once in every 12 months to ensure that it is in working order; and	R3 150.65	R3 434.20	R3 743.28	9%

PART F WATER RESTRICTIONS					
54	Waste of water unlawful 1) No customer may permit a) the purposeless or wasteful discharge of water from terminal water fittings. b) pipes or water fittings forming part of a water installation to leak. c) the use of maladjusted or defective water fittings in a water installation. d) an overflow of water from a water installation to persist; or e) a wasteful use of water to persist. 2) An owner must repair or replace any part of his or her water installation which is in such a state of disrepair that it is either causing or is likely to cause an event referred to in subsection 3) If an owner fails to take measures as contemplated in subsection (2), a designated officer may issue an enforcement notice in connection therewith. 4) Every customer must ensure that any equipment or plant connected to his or her water installation uses water in an efficient manner. ELECTRICITY SUPPLY CHARGES: 2023/2024**PART 1****SUPPLY OF ELECTRICITY****This tariff shall be subject to NERSA Approval.****DEFINITIONS:****Service charge:**

Is a fixed R/day charge payable per account over the billing period, whether electricity is consumed or not used. Where applicable, this charge will be based on the sum of the monthly utilised capacity linked to an account. It is a contribution towards fixed costs such as customer service costs. For the domestic, departmental, and small business tariffs the service and administration charges are combined to make up the basic and are charged per metering point.

Time-of-use tariff:

Is a tariff that has different energy rates for different time periods and seasons in order to reflect the shape of the municipality's long run marginal energy cost of supply at different times more accurately.

Voltage surcharge:

Is a percentage surcharge levied to consumers with lower supply voltages as a contribution to the cost to transform electricity from 66 kV to lower voltages. It is calculated as a percentage of the energy charge and the demand charge (where applicable) to reflect the cost at lower voltages.

1. DOMESTIC SUPPLY (CONVENTIONAL AND PREPAID)

This tariff shall apply to erven, stands, premises or any other area/property zoned as residential 1, 2, 3 or 4 and which are used for residential purposes.

1.1. BASIC CHARGE:

This charge shall apply to all **residential** properties, with improvements, which is connected to the supply mains: whether electricity is consumed or not, and shall be levied on the consumption account with the exemption of registered indigent consumers.
