SPECIAL ADJUSTMENTS BUDGET FOR 2019-2020 FINANCIAL YEAR

Report of the Chief Financial Officer

1. Purpose of the report

The purpose of the report is to submit the 2019/20 Special Adjustment Budget as required by section 28 of the Local Government Municipal Finance Management Act, No. 56 of 2003 and to request approval thereof.

2. Background

On 28 May 2019, Council approved the 2019/20 budget. The approved budget should be implemented in terms of Section 69 of the Municipal Finance Management Act. Section 69 (2) further stipulates that in the process of implementing the budget and when necessary, the Accounting Officer must prepare an adjustments budget and submit it to the Mayor for consideration and tabling in the Municipal Council.

According to National Treasury analysis (Annexure A), Polokwane Municipality was listed as one of those municipalities that failed to adopt a Funded Budget for the 2019/20 financial year. Given the foreseen consequences of adopting an unfunded budget National Treasury has granted the municipality an opportunity to rectify the situation through a Special Adjustments Budget. The recommended steps to be followed by the municipality to correct the budget are as follows

a) Engagement between the municipality and the National Treasury (Annexure B)

The outcome of the funding assessment showed the adopted 2019/20 budget is not funded due to the following:

- The elaborate budget for Capital projects financed from internally generated funding (CRR) as demonstrated in budget table A5 are too ambitious, consequently is depleting the available cash.
- Absence of current provisions in the statement of financial positions that must be cash-backed, despite the existence Weltevreden landfill site. The municipality is reminded that legislation requires the creation of cashed backed funding reserves for the rehabilitation of landfill sites upon reaching the end of the life span. Therefore, it is prudent for the municipality to establish a reserve account for monthly contributions over a period of time to ensure cash is readily available to rehabilitate the landfill site at the end of its useful life;
- The municipality council must update and adopt a revised funding and reserve policy with clearly determined percentage contributions of cash backed provision for the landfill site in line with GRAP.

b) Re-adoption of the revised budget in Council through a Special Adjustments between 1st to the 11th November 2019

The municipality must adopt a revised budget that is reduced by at least R60 million, which is the unfunded amount calculated for 2019/20 budget

3 Reduction of funds impact is as follows

Reasons for other adjustments

Energy Services

The Energy Unit has recommended combination of project in order to address financial constraints.

1. That replacement of oil RMU with SF6 Vacuum breakers, replacement of overheard lines with underground cables and replace 66KV Bus Bars and Breakers at Gamma be combined to prioritize Replacement of 66KV Bus Bars and Breakers at Gamma. The rest are maintenance projects which could be referred to 2020.
2. That R2 350 000 be moved from increase license area assets to Bakone Substation, R2 025 000 be moved from Install 66KV double circuit line from Bakone to IOTA be moved to Build Bakone substation, and this should add to Build Bakone substation and provide budget of R11 755 000,00. For the other projects budget was just reduced for the feasibility study and payment of servitude.
3. That installation of 1x 185mm cable from Bendor to Delta and Install 95mm cable to complete a ring at Debron be combined to install 2x 185mm cables from IOTA substation to Sterpark substation. The Sterpark substation is currently running at a risk with one supply.
4. That R3 000 000 from Lowering of pole mount boxes in Westernburg be combined with Install Check meters to make a budget of R3 670 000 on Install Check meters which should be implemented as it was an audit query. The other project is operational and could be moved to the following financial year.

Benefits and cost impacts are as follows:

1. That projects on capacity building and revenue generation were prioritized
2. That the audit query to be closed
3. That projects already appointed be prioritized namely, construct Bakone substation and install check meters, while Replacement of Bus Bars is at BEC stage.
4. That most sacrificed projects are maintenance and multi-year on design stages.

Water Services

Polokwane Municipality has been experiencing a challenge of water shortage hence the acquisition of rental water tankers on adhoc basis. The situation has been deteriorating because the available water tankers are worn out and it takes longer than expected when they go for repairs.

The Water and Sanitation Maintenance section has a challenge of covering the seven clusters without water and also when there are breakdowns the turnaround time is long to fix. This situation results in large number of complains not being attended on time.

The other challenge is that Aganang as one of the clusters has incomplete borehole projects which result in insufficient water supply to the area. City, Mankweng and part of Sebayeng Dikgale are supplied by LNW of which the water demand is high due to population growth. Most of the areas in Moletjie are supplied by tankers due to dry aquifers.

Due to insufficient allocated budget for the water tankers the SBU will not be able to render services. It therefore requests to adjust an amount of R35 000 000.00 from bulk purchase water segmentation to water tanker segmentation

Transport Services

Transportation Services is in process of realising Go – live operations. There is an urgent need to construct and upgrade the Leeto la Polokwane operational elements, including the upgrading of Public Transport Facilities (Taxi Ranks).

These components will assist the system to operate efficiently and seamlessly. The safety and security of passengers becomes a very important operational element to make sure that the system complies with the approved NDoT guidelines.

The upgrading of facilities is one of the critical projects to achieve seamless operation within the CBD. The project focuses on the upgrade and integration of different public transport facilities and operations to achieve easy accessibility of public transport by passengers.

For the system to function optimally, there are adjustments and upgrades that should be implemented in the CBD to integrate all local and long-distance operations.

3.4 The impact of the adjustments will be as follows:

- There is no impact on the Total Revenue including capital and operating transfers.
- Total Expenditure has decreased by R 2 226 400 from R 3 549 930 000 to R 3 547 703 600.
- Capital Expenditure decreased by R 58 353 000 from R 1 889 186 000 to R 1 830 632 000.

RECOMMEND

1. That in terms of section 28 of the Municipal Finance Management Act, 56 of 2003, the adjustments budget of the Polokwane Municipality for the financial year 2019/2020; and single year capital appropriations be approved as set-out in the following tables:

POLOKWANE HOUSING ASSOCIATION

"A Promise Delivered"

Annual Budget and service delivery agreement - Polokwane Housing Association (PHA) For the Period 2019/2020 to 2021/2022

Despite global and national economic challenges, the PHA's financial history indicates that the entity has managed to survive year on year. As the municipal entity the PHA is mandated to develop and manage Integrated Human Settlements, Social and Non Social Housing Rental Housing Units within the jurisdiction of Polokwane Municipality.

As a Municipal Entity entrusted with managing rental housing units, PHA is required to comply with Municipal Finance Management Act, Act 56 of 2003, the Municipal System Act, Act 32 of 2000, the Companies Act, Act 71 of 2008, the Housing Code, the Social Housing Act of 2008, and all other relevant legislation applicable to the municipal entity

PHA is currently managing 508 units located in the City of Polokwane, Ladanna with an estimated 1,524 residents. The project is known as the Ga-Rena housing project and consists of a mixture of one, two and three bedroom units. It is well located in the city and provides housing with easy access to transport and social amenities / places of interest. The land parcels earmarked for mediate development are development are the following

- **Ga-Rena Phase 2 to deliver 492 social housing units**
- **Polokwane Ext 106 to deliver 500 social housing units**
- **Polokwane Ext 107 to deliver 500 gap market rental housing units.**
- **Polokwane Ext 76 to deliver 100 social housing units**
- **Polokwane Ext 79 to deliver 100 social housing units**

Total number of housing units =2 192 housing units

All these land parcels are situated within the development zone of Polokwane Municipality with vibrant development activities around them. Townships have been established on these land parcels and there are no bulk requirements.

The PHA's mandate includes, amongst others, the responsibility for administrative processes, accounting and financial management, tenant liaison, policy and guideline formation, capital raising, agency role and other functions that Polokwane Municipality may require in applying the principles of rental housing in Polokwane. The mandate has been extended to include participating in the non-social housing rental space, i.e. gap market and profit making rental housing. Above all PHA must ensure its financial sustainability.

The financial plan for 2019/20 reflects that, with the projected allocation of all rental units of 697 units, the entity will be generating R12.9 million for the year. The 2018/19 budget process was prepared following a similar approach used in previous years. The budget takes into account the current market conditions, such as inflation, historical trend analysis, as well as the proposed Polokwane Municipality budget guidelines. The combined budgeted operating deficit is projected at R3.5 million for the year, this deficit is mainly due to non-cash items: Asset impairment of R5 million and Debt impairment of R4 million, for two outer years the entity is projecting the deficit of R1.5 million and R2.6 million respectively.

The 2019/20 budget includes a R11 million operational grant which would assist the entity in making certain that the entity's cash flow remains positive and that the entity is able to fund its operations. For 2020/21 and 2021/22 the operational grant remains at R11 million. For two outer years the operational budget is split between R7 million to fund operations R4 million

will go towards equity in assisting the development of Polokwane extension 76 which will be 208 units.

Due to the nature of our business and Funding of new projects being hard to secure, PHA is embarking on Public Private Partnerships. For the period between 2019 and 2022 financial year the entity is projecting to develop 754 Gap market units and 5116 student accommodation beds. These projects are to be developed using the Built Operate and Transfer mode(BOT). Under this model the entity is putting forth as its own equity contribution land as investment. After 30 years the private sector partners will transfer the facility to the entity. In the meantime, the private sector partners will be paying the entity royalties monthly. This new development will lessen PHA's dependency on the municipality. The PHA's existence is informed by the SMART pillar which forms one of the Municipality's SMART Pillars. i.e SMART Economy. Etc. in attainment of vision 2030 smart city.

For 2019/20 employment costs are budgeted at 7% for budget purposes subject to agreement at South African Local Government Bargaining Council, the 7% is consistent with the 2018/19 increase.
