

Polokwane Municipality

Monthly Budget Statement

30 April 2025

The Ultimate in Innovation and Sustainable Development

Glossary

Adjustments Budget – Prescribed in section 28 of the MFMA. The formal means by which a municipality may revise its annual budget during the year.
Budget – The financial plan of the Municipality.
Capital Expenditure - Spending on assets such as land, buildings and machinery. Any capital expenditure must be reflected as an asset on the Municipality's balance sheet.
Cash flow statement – A statement showing when actual cash will be received and spent by the Municipality. Cash payments do not always coincide with budgeted expenditure timings. For example, when an invoice is received by the Municipality it scores as expenditure in the month it is received, even though it may not be paid in the same period.
Deficit – The amount by which expenditure exceed revenue.
DORA – Division of Revenue Act. Annual piece of legislation that shows the amount of allocations from national to local government.
Equitable Share – A general grant paid to municipalities. It is predominantly targeted to help with free basic services.
GFS – Government Finance Statistics. An internationally recognised classification system that facilitates like for like comparison between municipalities.
MFMA – The Municipal Finance Management Act – no 53 of 2003. The principle piece of legislation relating to municipal financial management.
Operating Expenditure – Spending on the day-to-day expenses of the Municipality such as salaries and wages.
Rates – Local Government taxation based on an assessed value of a property. To determine the rates payable, the assessed rateable value is multiplied by the rate in the rand.
Surplus - A situation in which income exceeds expenditures.
Tariff – means a tariff for services which a municipality may set for the provision of a service to the local community and includes a surcharge on such tariff.
SDBIP – Service Delivery and Budget Implementation Plan. A detailed plan comprising quarterly performance targets and monthly budget estimates.
Vote – One of the main segments into which a budget is divided into for the appropriation of money at department/ functional area- level.
MSCOA – Municipal Standard Chart of Accounts

DIRECTORATE: BUDGET AND TREASURY OFFICE

ITEM:

FILE REF:

FINANCIAL REPORT FOR THE PERIOD ENDED 30 April 2025.

Report of the Finance Portfolio

Purpose

The purpose of this report is to comply with section 71 of the MFMA and the requirements as promulgated in the Government Gazette No 32141 of 17 April 2009 (Municipal Budgeting Monitoring and Reporting Requirements).

Strategic Objective

To comply with MFMA priorities as well as MFMA implementation plan

Background

The Financial Report provides a high-level overview of the organisation's financial viability and sustainability. The report meets the requirements of the Municipal Finance Management Act (MFMA 56/2003 – S66 and S71) and the Municipal Budgets and Reporting Regulations (MBRR - No 32141 gazetted 17 April 2009).

Discussion

Section 71 (1) states that “the accounting officer of the municipality must by no later than 10 working days after the end of each month submit to the mayor of the municipality and the relevant treasury a statement in the prescribed format on the implementation of the municipality’s approved budget”.

The results for the month are summarised herein under and for the reporting period ended 30th April 2025, the 10th working days reporting period to National Treasury expires on the 15th May 2025. The Budget and Treasury Office has met the timelines for this reporting period.

RECOMMENDATION

That the report be noted

THABO NONYANE
CHIEF FINANCIAL OFFICER

1.1.8 Staff Expenditure Report

The Staff Expenditure Report is submitted in terms of Section 66 of the Municipal Finance Management Act, which states that the Accounting Officer of a Municipality must, in a format and for periods as may be prescribed, report to the Council on all expenditure incurred by the municipality on staff salaries, wages, allowances and benefits, and in a manner that discloses such expenditure per type of expenditure, namely:

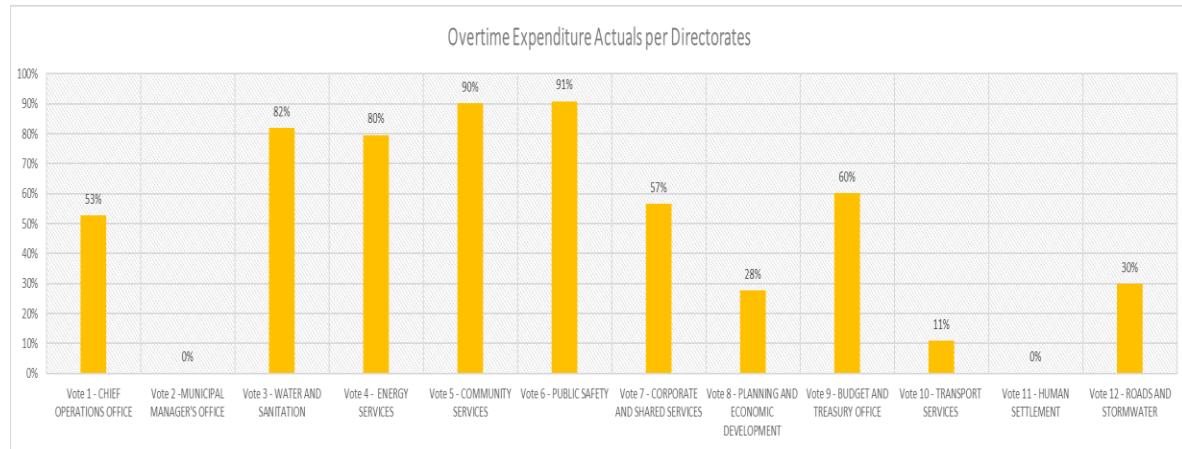

- a) Salaries and wages
- b) Contributions for pensions and medical aid
- c) Travel, motor car, accommodation, subsistence, and other allowances.
- d) Housing benefits and allowances
- e) Overtime payments
- f) Loans and advances
- g) Any other type of benefit or allowance related to staff.

Comments on Overall Performance

Ref	Description	Variance	Reasons for material deviations	Remedial or corrective steps/remarks
1	<u>Revenue</u>			
	Service charges - Electricity	-23%	The reason for the decrease is attributable to consumers using alternative energy sources and non and low payment of electricity bills from customers resulting in termination of services which reduce the consumption by customers. Another factor is the shortage of meters which lead to technicians to bypass faulty meters.	The fast tracking of purchases of prepaid meters stock items and the performance of audit on bypassed meters .
	Service charges - Water	-21%	The variance for the month of April 2025 is at minimal as attributed to fixed charges that are billed on faulty meters and the project of installing smart water meters of which consumption for water consumed, is paid immediately when electricity is purchased.	Maintenance of water meters is required.
	Service charges - Waste Water Management	16%	Revenue from the sewer billed is 16% ahead of the planned projections. The increase in Service charges -Waste Water Management is due to the high amount of Sanitation billied. The increases are attributable to the work in progress as zoning on properties are being verified and adjustments made to accounts. The completeness excercise is to ensure alignment between billing and zoning.	Remedial action not required.
	Service charges - Waste management	7%	Refuse removal is 7 % ahead of the planned projections and is as a result of the rebate that had been corrected in the month of April 2025. The normal monthly increase is attributable to the work in progress, as zoning on properties is being verified and adjustments made to accounts. The completeness exercise is continuing to ensure alignment between billing and zoning.	Remedial action not required.
	Sale of Goods and Rendering of Services	39%	The sale of goods and rendering of services is expected to increase in the following month, this is attributed to the continued demand from customers for municipal services.	Remedial action not required.
	Agency services	-30%	The underperformance of the agency fees can be explained by a percentage of the overperformance in licences and permits. This is because the licence office receipts all licences issued under "licences and permits" irrespective of whether it meets the definition of "agency fees" or "licences and permits". This misallocation is only attributable to the April 2025 month as all previous months have been corrected. A correcting journal will be passed during May 2025 to reflect the true amounts for both "agency fees" and "licences and permits" once all verification processes for April 2025 are complete.	The split between Agency revenue and Licences and permits are corrected post month end. This is because the Licence reports are only finalised on the 7th working day of the next month, after the Department of Transport conducts their monthly review.
	Interest earned from Receivables	-11%	Immaterial	Remedial action not required.
	Interest from Current and Non Current Assets	48%	The interest earned will increase as the municipality is making investments in the current year. The investments are made in accordance with the National Treasury Payment Schedule.	Remedial action not required.
	Rental from Fixed Assets	88%	There was an increase in the rental of municipal facilities due to rental of more municipal investment property. This is expected to increase due to marketing and facility commercialization.	Remedial action not required.

In-year report (April 2025) – Monthly Budget Statement

Ref	Description	Variance	Reasons for material deviations	Remedial or corrective steps/remarks
1	<u>Revenue</u>			
	Licence and permits	72%	The overperformance in licences and permits is attributable to two factors. The first factor is the misallocation of agency fees that was collected during April 2025 as "licences and permits". Kindly refer to the explanation under agency fees. The second factor is that the agency fees that is included under licences and permits is reflected at 100%, again just for the April month. The 72% that is due to the Department of Transport should be recorded as a liability and not in the revenue account. Once this correction is made the licences and permits will be significantly reduced thereby reducing the perceived overperformance. The correcting journals will be processed during May once all verification processes for the April month is complete.	The split between Agency revenue and Licences and permits are corrected post month end. This is because the Licence reports are only finalised on the 7th working day of the next month, after the Department of Transport conducts their monthly review.
	Operational Revenue	-52%	The decrease in Operational Revenue is attributable to the fact that there was no revenue earned on Incidental cash surpluses, Insurance fund and Sale of Property .	Remedial action not required.
	Property rates	10%	Revenue from property rates for April 2025 is 10% ahead of planned projections. The increase is attributable to the assumptions over development and growth within the municipal jurisdiction, i.e. growth and development occur throughout the year. The completeness includes reconciling the valuation roll to land parcels and to the billing system, also ensuring the property categories on the valuation roll are the same as the category on site and that property valuation is market related as prescribed by the Local Government Municipal Property Rates Act 6 of 2004 as amended.	Promotion of economic growth and development through rezoning and development of under-utilised land parcels to bring more properties into rating/tax base especially in expanding urban areas. Ensure that properties are correctly classified and reconciliation of the land parcel data with the billing system is accurate to prevent any missed or misclassified properties.
	Fines, penalties and forfeits	-13%	The city did not host a lot of huge crowd events in the month of April 2025.	Increase in collection is expected in the ensuing months as there are more activities hosted in the city and surrounding areas -e.g soccer match games.
	Licence and permits	-100%	The underperformance of the agency fees can be explained by a percentage of the overperformance in licences and permits. This is because the licence office receipts all licences issued under "licences and permits" irrespective of whether it meets the definition of "agency fees" or "licences and permits". This misallocation is only attributable to the April 2025 month as all previous months have been corrected. A correcting journal will be passed during May 2025 to reflect the true amounts for both "agency fees" and "licences and permits" once all verification processes for April 2025 are complete.	The split between Agency revenue and Licences and permits are corrected post month end. This is because the Licence reports are only finalised on the 7th working day of the next month, after the Department of Transport conducts their monthly review.
	Transfers and subsidies - Operational	9%	Revenue from grants and subsidies are recognised monthly as conditions are met, it is anticipated that all conditions will be met by the end of the financial year.	Remedial action not required.

In-year report (April 2025) – Monthly Budget Statement

Ref	Description	Variance	Reasons for material deviations	Remedial or corrective steps/remarks
2	<u>Expenditure By Type</u>			
	Employee related costs	-13%	The variance is due to vacant positions that have been budgeted for and not yet filled.	As posts are being advertised and filled, the variance is expected to improve in line with expected outcome
	Remuneration of councillors	11%	Polokwane Municipality is now recognised as a Grade 6 municipality in terms of the SALGA review of the upper limits of councillors. This has resulted in an increase in councillor remuneration. This increase in remuneration together with the back pay was paid in December, resulting in the variance as calculated	Adjustments budget has been done and the actual expenditure expected to be in line with Budget to date outcomes
	Bulk purchases - electricity	-19%	Bulk purchases cost are seasonal	Bulk purchases costs are expected to increase as we approach the winter season
	Inventory consumed	15%	This expenditure is dependent on needs and requirements of departments for materials.	The variance is expected to be more in line with expected outcome in the fourth quarter
	Debt impairment	100%	The assessment for debt impairment is only done at year end.	The variance will be corrected at year end when debt impairment journal is captured
	Depreciation and amortisation	102%	Actual depreciation journal is captured monthly. This highly indicates insufficient budget for depreciation.	Sufficient budget will result in a deficit budget. The increase in the budget will be incremental on the MTREF
	Interest	-41%	Loan agreements stipulates that payments are made twice a year.	Sufficient budget will result in a deficit budget. The increase in the budget will be incremental on the MTREF
	Contracted services	-7%	Immaterial	Remedial action not required
	Irrecoverable debts written off	-100%	Immaterial	Remedial action not required
	Transfers and subsidies	-56%	Performance is dependant on the municipal entity's need of expenditure. Entity (PHA) submits grant requests as and when funds are needed to meet their planned expenditure.	The variance is expected to be more in line with expected outcome as spending is also expected to increase in the fourth quarter
	Operational costs	-24%	This expenditure is dependant on the needs and requirements of departments	The variance is expected to be more in line with expected outcome as spending is also expected to increase in the fourth quarter
3	<u>Capital Expenditure</u>			
	Vote 1 - Chief Operations Office	-6%		
	Vote 2 - Municipal Manager'S Office	-100%		
	Vote 3 - Water And Sanitation	-14%		
	Vote 4 - Energy Services	-49%		
	Vote 5 - Community Services	-42%		
	Vote 6 - Public Safety	-66%	Capital spending is at 66%. There will be an acceleration of spending in the following months.	Service providers appointed. Capital Projects spending to increase in the 4th quarter
	Vote 7 - Corporate And Shared Services	-22%		
	Vote 8 - Planning And Economic Development	-26%		
	Vote 9 - Budget And Treasury Office	-10%		
	Vote 10 - Transport Services	-16%		
	Vote 11 - Human Settlement	-100%

1.1.14 Cost Savings Disclosure

The cost containment regulations came into effect on 1 August 2019. The regulations require the municipality to monitor certain categories of expenditure with the objective to contain costs. The municipality is also required to report on the budget and actual expenditure relating to the regulated costs on a regular basis as outlined below:

Cost Containment Measure	Original Budget	Adjustments Budget	Special Adjusted Budget	Total Expenditure	Savings
Consultants and Professional Services	195 893 066	222 747 261	220 947 261	133 895 659	87 051 602

MFMA Circular No 108

9.3 Submission using LG Upload Portal

In MFMA Budget Circular No 107, it was indicated that budget-related documents and schedules must be uploaded by approved registered users using the LG Upload Portal at: <https://lguploadportal.treasury.gov.za/> and that National Treasury was planning to retire lgdocuments@treasury.gov.za from 01 July 2021 to ensure that there is a single collection point of municipal financial data. However, based on workflow licensing challenges on the LG Upload Portal, data string submissions will shortly be shifted to the Open Portal GoMuni while documents must still be submitted using lgdocuments@treasury.gov.za. The document submissions will also be shifted to GoMuni as soon as possible.

All municipalities and their entities had to prepare their MTREF budget directly on the mSCOA financial systems from 01 July 2017. Therefore, all MBRR schedule submissions must be submitted in **PDF format only**.

MFMA Circular 108

With effect from 1 August 2021 the municipality does not have access to the excel version of the C schedule, therefore the PDF format extracted from the financial system is attached as Annexure B.

There is lots of blank pages which may seem irrelevant, the budget office is unable to hide them as this is a National Treasury Template

LISTING OF MAIN TABLES IN ANNEXURE B:

The attached Annexure B comprises of the main tables listed below: -

Table C1: Monthly budget statement summary

The table provides a high-level summation of the Municipality's operating – and capital budgets, actual to date and financial position.

Table C2: Monthly Budget Statement - Financial Performance (standard classification)

The table is an overview of the budgeted financial performance in relation to revenue and expenditure per standard classification.

Table C3: Monthly Budget Statement - Financial Performance (revenue and expenditure by municipal vote)

The table is an overview of the budgeted financial performance in relation to revenue and expenditure by vote as well as the operating surplus or deficit.

Table C4 - Monthly Budget Statement - Financial Performance (revenue and Expenditure)

The table is a view of the budgeted financial performance in relation to the revenue by source and expenditure by type.

Table C5 Monthly Budget Statement – Capital Expenditure (Municipal vote, standard Classification, and funding)

The table reflects the municipality's capital programme in relation to capital expenditure by municipal vote; capital expenditure by standard classification; and funding sources required by capital budget; including information on capital transfers from other departments. The capital expenditure is reflected without VAT, however the grant conditions met journal is inclusive of VAT.

Table C6: Monthly Budget Statement - Financial Position.

The table reflects the performance to date in relation to the financial position of the Municipality.

Table C7: Monthly Budget Statement - Cash flow

The table reflects the performance to date in relation to the cash flow of the Municipality.

PART 2- LISTING OF SUPPORTING DOCUMENTATION ON ANNEXURE B

Table SC1 Monthly Budget Statement – Material Variance

Table SC2 Monthly Budget Statement - performance indicators

Section 3 – Debtors' analysis the debtor analysis provides an age analysis by revenue source and customer category.

Table SC3 Monthly Budget Statement - Aged Debtors

Section 4 – Creditors' Age analysis

The creditors' analysis contains an aged analysis by customer type.

Table SC4 Monthly Budget Statement - Aged Creditors

Table SC5 Monthly Budget Statement - investment portfolio

Table SC6 Monthly Budget Statement – Transfers and grants receipts

Table SC7 (1) Monthly Budget Statement – transfers and grant expenditure

Table SC7 (2) Monthly Budget Statement – transfers and grant expenditure rollover

Table SC8 Monthly Budget Statement - councillor and staff benefits

Table SC9 Monthly Budget Statement - actuals and revised targets for cash receipts

Capital programme performance.

The capital programme performance table provides details of capital expenditure by month.

Table SC12 Monthly Budget Statement - capital expenditure trend

Table SC13a Monthly Budget Statement - capital expenditure on new assets

Table SC13b Monthly Budget Statement - capital expenditure on renewal of existing

Table SC13c Monthly Budget Statement – repairs and maintenance by asset class....

Table SC13d Monthly Budget Statement - depreciation by asset class

Table SC13e Monthly Budget Statement - capital expenditure on upgrading of existing assets by asset class.

Section 10 - Municipal Manager Quality certification

I, THUSO NEMUGUMONI, the Municipal Manager of Polokwane Local Municipality, hereby

Certify that –

- The Monthly Budget Statement

For the month of April 2025 has been prepared in accordance with the Municipal Finance Management Act and regulations made under that Act.

Print name:

Thuso Nemugumoni

Municipal Manager of Polokwane Local Municipality: LIM354

Signature

LIM354 Polokwane - Supporting Table SC1 Material variance explanations - M10 - April

Ref	Description R thousands	Variance	Reasons for material deviations	Remedial or corrective steps/remarks
1	<u>Revenue</u>			
	Service charges - Electricity	-23%	The reason for the decrease is attributable to consumers using alternative energy sources and non and low payment of electricity bills from customers resulting in termination of services which reduce the consumption by customers. Another factor is the shortage of meters which lead to technicians to bypass faulty meters.	The fast tracking of purchases of prepaid meters stock items and the performance of audit on bypassed meters.
	Service charges - Water	-21%	The variance for the month of April 2025 is at minimal as attributed to fixed charges that are billed on faulty meters and the project of installing smart water meters of which consumption for water consumed, is paid immediately when electricity is purchased.	Maintenance of water meters is required.
	Service charges - Waste Water Management	16%	Revenue from the sewer billed is 16% ahead of the planned projections. The increase in Service charges - Waste Water Management is due to the high amount of Sanitation billed. The increases are attributable to the work in progress as zoning on properties are being verified and adjustments made to accounts. The completeness exercise is to ensure alignment between billing and zoning.	Remedial action not required.
	Service charges - Waste management	7%	Refuse removal is 7 % ahead of the planned projections and is as a result of the rebate that had been corrected in the month of April 2025. The normal monthly increase is attributable to the work in progress, as zoning on properties is being verified and adjustments made to accounts. The completeness exercise is continuing to ensure alignment between billing and zoning.	Remedial action not required.
	Sale of Goods and Rendering of Services	39%	The sale of goods and rendering of services is expected to increase in the following month, this is attributed to the continued demand from customers for municipal services.	Remedial action not required.
	Agency services	-30%	The underperformance of the agency fees can be explained by a percentage of the overperformance in licences and permits. This is because the licence office receives all licences issued under "licences and permits" irrespective of whether it meets the definition of "agency fees" or "licences and permits". This misallocation is only attributable to the April 2025 month as all previous months have been corrected. A correcting journal will be passed during May 2025 to reflect the true amounts for both "agency fees" and "licences and permits" once all verification processes for April 2025 are complete.	The split between Agency revenue and Licences and permits are corrected post month end. This is because the Licence reports are only finalised on the 7th working day of the next month, after the Department of Transport conducts their monthly review.
	Interest earned from Receivables	-11%	Immaterial	Remedial action not required.
	Interest from Current and Non Current Assets	48%	The interest earned will increase as the municipality is making investments in the current year. The investments are made in accordance with the National Treasury Payment Schedule.	Remedial action not required.
	Rental from Fixed Assets	88%	There was an increase in the rental of municipal facilities due to rental of more municipal investment property. This is expected to increase due to marketing and facility commercialization.	Remedial action not required.
	Licence and permits	72%	The overperformance in licences and permits is attributable to two factors. The first factor is the misallocation of agency fees that was collected during April 2025 as "licences and permits". Kindly refer to the explanation under agency fees. The second factor is that the agency fees that is included under licences and permits is reflected at 100%, again just for the April month. The 72% that is due to the Department of Transport should be recorded as a liability and not in the revenue account. Once this correction is made the licences and permits will be significantly reduced thereby reducing the perceived overperformance. The correcting journals will be processed during May once all verification processes for the April month is complete.	The split between Agency revenue and Licences and permits are corrected post month end. This is because the Licence reports are only finalised on the 7th working day of the next month, after the Department of Transport conducts their monthly review.
	Operational Revenue	-52%	The decrease in Operational Revenue is attributable to the fact that there was no revenue earned on Incidental cash surpluses, Insurance fund and Sale of Property .	Remedial action not required.
	Property rates	10%	Revenue from property rates for April 2025 is 10% ahead of planned projections. The increase is attributable to the assumptions over development and growth within the municipal jurisdiction, i.e. growth and development occur throughout the year. The completeness includes reconciling the valuation roll to land parcels and to the billing system, also ensuring the property categories on the valuation roll are the same as the category on site and that property valuation is market related as prescribed by the Local Government: Municipal Property Rates Act 6 of 2004 as amended.	Promotion of economic growth and development through rezoning and development of under-utilised land parcels to bring more properties into rating/tax base especially in expanding urban areas. Ensure that properties are correctly classified and reconciliation of the land parcel data with the billing system is accurate to prevent any missed or misclassified properties.
	Fines, penalties and forfeits	-13%	The city did not host a lot of huge crowd events in the month of April 2025.	Increase in collection is expected in the ensuing months as there are more activities hosted in the city and surrounding areas -e.g soccer match games.
	Licence and permits	-100%	The underperformance of the agency fees can be explained by a percentage of the overperformance in licences and permits. This is because the licence office receives all licences issued under "licences and permits" irrespective of whether it meets the definition of "agency fees" or "licences and permits". This misallocation is only attributable to the April 2025 month as all previous months have been corrected. A correcting journal will be passed during May 2025 to reflect the true amounts for both "agency fees" and "licences and permits" once all verification processes for April 2025 are complete.	The split between Agency revenue and Licences and permits are corrected post month end. This is because the Licence reports are only finalised on the 7th working day of the next month, after the Department of Transport conducts their monthly review.
	Transfers and subsidies - Operational	9%	Revenue from grants and subsidies are recognised monthly as conditions are met, it is anticipated that all conditions will be met by the end of the financial year.	Remedial action not required.
2	<u>Expenditure By Type</u>			
	Employee related costs	-13%	The variance is due to vacant positions that have been budgeted for and not yet filled.	As posts are being advertised and filled, the variance is expected to improve in line with expected outcome

LIM354 Polokwane - Supporting Table SC1 Material variance explanations - M10 - April

Ref	Description R thousands	Variance	Reasons for material deviations	Remedial or corrective steps/remarks
	Remuneration of councilors	11%	Polokwane Municipality is now recognised as a Grade 6 municipality in terms of the SALGA review of the upper limits of councillors. This has resulted in an increase in councillor remuneration. This increase in remuneration together with the back pay was paid in December, resulting in the variance as calculated	Adjustments budget has been done and the actual expenditure expected to be in line with Budget to date outcomes
	Bulk purchases - electricity	-19%	Bulk purchases cost are seasonal	Bulk purchases costs are expected to increase as we approach the winter season
	Inventory consumed	15%	This expenditure is dependent on needs and requirements of departments for materials.	The variance is expected to be more in line with expected outcome in the fourth quarter
	Debt impairment	100%	The assessment for debt impairment is only done at year end.	The variance will be corrected at year end when debt impairment journal is captured
	Depreciation and amortisation	102%	Actual depreciation journal is captured monthly. This highly indicates insufficient budget for depreciation.	Sufficient budget will result in a deficit budget. The increase in the budget will be incremental on the MTREF
	Interest	-41%	Loan agreements stipulates that payments are made twice a year.	Sufficient budget will result in a deficit budget. The increase in the budget will be incremental on the MTREF
	Contracted services	-7%	Immaterial	Remedial action not required
	Irrecoverable debts written off	-100%	Immaterial	Remedial action not required
	Transfers and subsidies	-56%	Performance is dependant on the municipal entity's need of expenditure. Entity (PHA) submits grant requests as and when funds are needed to meet their planned expenditure.	The variance is expected to be more in line with expected outcome as spending is also expected to increase in the fourth quarter
	Operational costs	-24%	This expenditure is dependant on the needs and requirements of departments	The variance is expected to be more in line with expected outcome as spending is also expected to increase in the fourth quarter
3	Capital Expenditure
