PLANNED WATER SUPPLY DISRUPTIONS – EBENEZER SCHEME

Polokwane Municipality wishes to inform its residents, businesses and stakeholders of upcoming planned water supply disruptions. These shutdowns are necessary for Lepelle Northern Water (LNW) to complete Phase 4 of the Ebenezer Pump Stations connection project:

Phase	Duration	Dates	Purpose
Phase A	36 Hours	19 th – 20 th March 2026	Installation of new pump sets
Phase B	24 Hours	23 rd – 24 th April 2026	Final installation and commissioning

While LNW acknowledges that recovery periods for the system can take a significant amount of time, these upgrades are vital for **safe operation and a reliable future supply**. LNW has made an undertaking that measure have been put in place to soften the impact of these disruptions.

Polokwane Municipality appeals to all consumers to use water sparingly leading up to and during these shutdowns to assist in maintaining reservoir pressures.
