TRAFFIC AND LICENSING CENTRE – TEMPORARY SERVICE DISRUPTION

Polokwane Municipality hereby informs members of the public that its Traffic and Licensing Centre in Ladanna has been experiencing a technical system glitch since last week, which has affected the availability of certain services.

The matter has been escalated to the Department of Transport for urgent intervention and resolution.

In the interim, clients are advised that the centre is currently able to provide only the following services:

- **Driving licence renewals;**
- **Professional Driving Permits (PrDPs); and**
- **New applications.**

All other services remain temporarily unavailable until the system issue has been resolved.

The municipality appeals to members of the public for patience while the necessary intervention is being pursued.

A further communication will be issued once normal services have been restored.
